Our Cause

The Riley John Blue Boot Foundation was established as a cause to promote education and awareness in regards to the lethality of childhood drowning and the importance of water safety. This foundation was established in celebration of the life of Riley John Bourgeois, our little angel, who lost his life to drowning just a few days prior to his 2nd birthday.

Unfortunately, unintentional drowning is the number 1 cause of death from injury in children ages 1-4 years old and the 2nd leading cause of accidental death in children under the age of 14 years old. These factors were not on the mind of those with Riley on the day of the accident, but should be something that all individuals supervising children when around water are considering as a means of staying water aware. The foundation's mission is to ensure that these facts do not go ignored and that no other family has to experience the loss of a loved one to drowning.

The Blue Boot Rodeo is an annual family-oriented event. The rodeo offers both offshore and onshore divisions as well as numerous family activities. The primary purpose of this major event is to provide Riley's family a means of annually celebrating his life while also providing fun and entertainment to other families committed to continuing the cause of drowning awareness and water safety. A second purpose of the fishing rodeo is the donations and proceeds of the event are the primary funding sources of the foundation. Those funds are used for various means of promoting drowning and water safety awareness as well as prevention measures such as life jacket exchange program and life ring posts on the beaches of Grand Isle.

Sponsorship

By purchasing sponsorship to the rodeo, you and/or your business is recognized as someone committed to promoting the Blue Boot Rodeo and supporting the cause of the Blue Boot Foundation.
